↖ Portfolio   in LinkedIn   ⚙ Github   ⌃ LeetCode

Enthusiastic and forward-thinking student with a strong foundation in full-stack web development and a growing proficiency in machine learning. With a passion for innovation and a proactive mindset, I am committed to continuous learning and growth in the field of Computer Science. Seeking an internship to further develop my skills, collaborate with industry professionals, and contribute to impactful projects.

🖥 TECHNICAL SKILLS

Programming languages *(Java, Javascript, Typescript, Python)*

Frontend Development *(HTML, CSS, React.js, Next.js)*

Backend Development *(Node.js, Next.js, Express.js, Flask)*

Database Management *(MongoDB, MySQL, PostgreSQL)*

Version Control / Other tools *(Git, Github, Visual Studio Code)*

Machine learning/ Deep learning *(Scikit-learn, Tensorflow, Numpy, Pandas, Matplotlib, Seaborn)*

👤 SOFT SKILLS

Communication *(Effective verbal and written communication demonstrated through presentations and projects.)*

Problem Solving *(Ability to troubleshoot issues and find innovative solutions to technical challenges.)*

Time management *(Strong time management skills, adept at prioritizing tasks and meeting deadlines.)*

🎓 EDUCATION

Bachelor of Technology
Shri Ramswaroop Memorial College
May 2021 – present | Lucknow, India
Currently enrolled in a rigorous and comprehensive B.Tech program with a specialization in Computer Science and Engineering

12th ISC
The Modern School
Apr 2007 – Apr 2021 | Lucknow, India
Cultivated a passion for lifelong learning and critical thinking during my high school years, which laid the foundation for my academic pursuits in engineering and technology at The Modern School.

📁 PROJECTS

Everything Store 🔗
Ecommerce Website
- Provides a admin dashboard for product management
- Exposed necessary API endpoints for using in a custom store application
- Provides Category and Billboard Management

Pdf-ops 🔗
NPM package
- NPM package offering PDF manipulation tools like merge, resize, split, rotate, and more.
- Leveraged it to develop 'pdfz' website, enabling client-side PDF operations.

Zomato Data Analysis 🔗
Data Processing and Analysis
- Analyzed Indian Zomato data, uncovering trends in restaurant preferences, cuisines, and customer behavior.
- Extracted insights to inform business strategies and enhance user experiences.
- Utilized data visualization techniques to present findings effectively."
